the subcontractor selection process to be made in negotiations between the design-builder and the school district. Paragraph 9, it extends the requirement of using model contract language to construction management. It also allows the school board to require competitive bidding on subcontracts in request for a proposal for construction management at-risk projects, but it puts off final determination on subcontractor selection process to final negotiations with the construction manager. Paragraph 10, it requires final determination of subcontractor selection process to be made in negotiations between the construction manager and the school district, and, finally, in paragraph 11, it corrects an improper usage of the word "criterion" that was evident in the bill and in the amendments, and it reorganizes the sentence to make it more readable, and it also requires that the records of the Selection Committee be subject to open meeting laws. And so that was a compilation of some of the objections or some of the concerns that were raised on General File. And I do believe that AM2837, thanks, in large part to Senator Raikes and others, does address those concerns, and I would urge the adoption of AM2837 to LB 391. Thank you.

SENATOR CUDABACK: Thank you, Senator Quandahl. You've heard the opening on AM2837 offered by Senator Raikes to LB 391. Open for discussion on that amendment. (Doctor of the day introduced.) On with discussion of AM2837 to LB 391. Senator Quandahl. Senator Quandahl waives. Any further discussion on AM2837? I see none, Senator Raikes. Do you wish to close on your amendment?

SENATOR RAIKES: Thank you, Mr. President and members. I think Senator Quandahl has spelled out very well what is included in this amendment. I think it does improve the proposal. It's probably not totally to my satisfaction the way it is now, but...nor to anybody else's, but I think it is a proposal worth supporting so I hope you will support this amendment. Thank you.

SENATOR CUDABACK: Thank you, Senator Raikes. The question for the body is adoption of AM2837 to LB 391. All in favor of that vote aye, opposed nay. Voting on the Raikes amendment to LB 391. Have you all voted who care to? Record, please,
